Business: Fortune Rise Groups, established in *August 2024*, is a creative landscaping firm specializing in design and execution for Residential, Commercial, and Hospitality spaces. We transform outdoor environments into vibrant, functional, and sustainable landscapes that elevate property value and enhance everyday living. From concept to completion, our team blends artistic vision with practical expertise to deliver green spaces that grow with purpose.

About Us

Fortune Rise Groups specializes in innovative and sustainable landscape architecture solutions. With 14+ years of experienced Landscape Architects, we take pride in creating spaces that balance aesthetics, functionality, and environmental responsibility.

We’re building sustainable ways to create beauty a whole new world creative ways to harness Nature.

Portfolio

Our Vision

01

Vision

To be a leader in landscape architecture by delivering transformative designs that inspire and sustain.

02

Mission

To enhance communities and environments through visionary landscape design, innovative techniques, and exceptional service.

03

Core purpose & Philosophy

Highlight your passion for creating sustainable, aesthetic, and functional landscapes. Emphasize your philosophy about the environment, design, and innovation

04

Innovation and Creativity

Showcase your intent to push boundaries in design and technology. Talk about integrating modern techniques, smart landscaping solutions, or new materials.

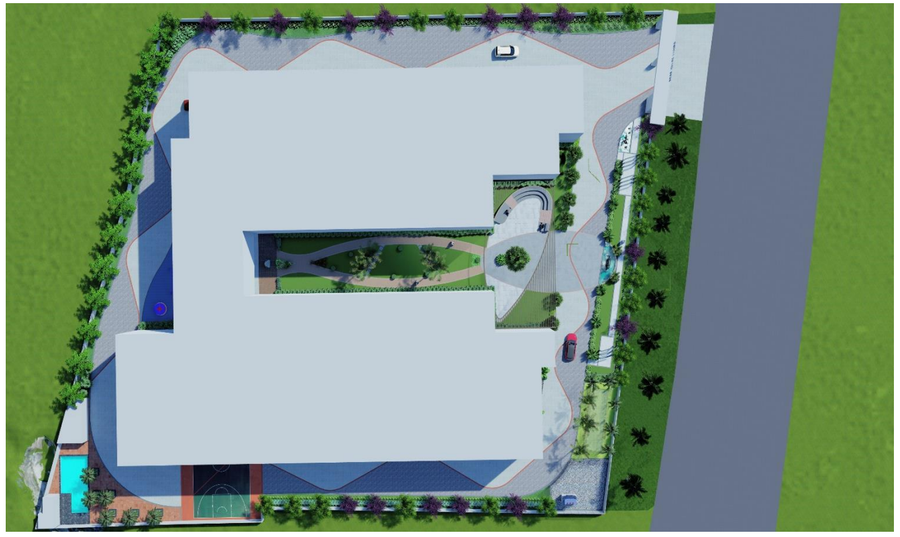
The picturesque landscape with sprawling lush green lawns, tall palm trees, and colorful flower shrubs all together allows the residents to experience the beauty of nature from within the apartments.

Specialized Skills: • Green roof and vertical garden design • Hardscape integration and material selection • Seasonal planting and maintenance planning

Our Portfolio

Gated Community

The landscape features vibrant greenery, tranquil pathways, and inviting gathering spaces that encourage outdoor relaxation and social interaction. Native plants and sustainable materials were thoughtfully integrated to promote biodiversity and minimize environmental impact, ensuring a thriving ecosystem. Residents can enjoy serene seating areas surrounded by flowering plants and shaded spots perfect for leisure and community gatherings. At Aero-Farms Premium, the landscape design harmoniously complements the modern residences, creating a perfect balance of luxury and nature. Experience a peaceful retreat right at home, where every detail is designed to nurture well-being and community connection.



Farm House

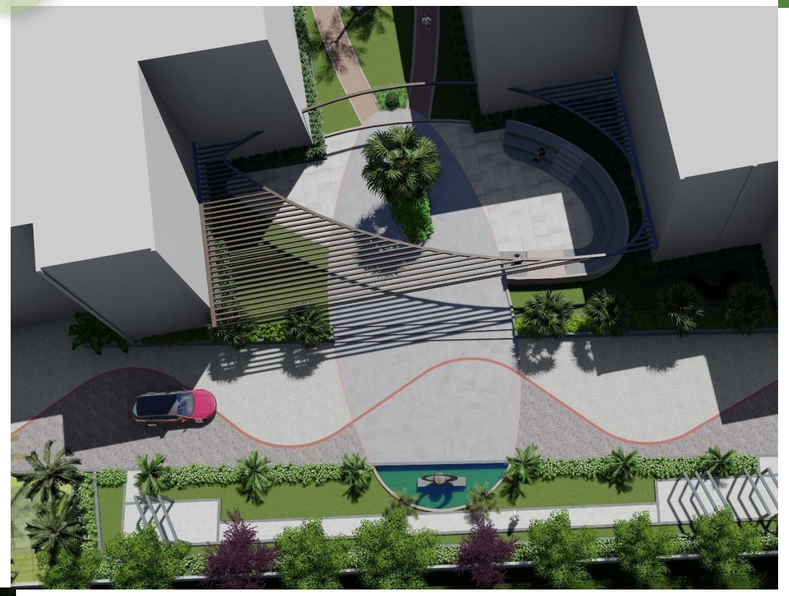
Every aspect of Mr. Raja has been meticulously crafted to enhance your living experience, from tranquil gardens and inviting pathways to recreational areas that promote a healthy, outdoor lifestyle. Our commitment to sustainable design is evident in the use of native plants and eco-friendly materials, ensuring a thriving environment for both residents and local wildlife.

Apartments

A community Apartment features beautifully landscaped gardens, winding pathways, and communal green spaces that encourage outdoor activity and relaxation. Every detail has been carefully considered to promote a sense of well-being, from native flora that enhances biodiversity to serene water features that add a calming touch.

Resorts & Hospitality

This Private Resort is built in the traditional courtyard style. The lush green lawns, palm trees skirting the lawns, and swimming pool all together are indeed soothing. With the latest gadgets and mechanisms, the place is a chillout and relaxed zone for youngsters and old alike.



Residence

This Residence was designed by Fortune Rise Groups is characterized by greenery, featuring trees, shrubs and plants. The farmhouse with colorful flowering shrubs skirting the borders adds to the beauty of the space.

Residential apartments

The sprawling landscape of this Apartment Designed by Fortune rise groups is a tranquil space embracing sustainability. The inviting area with pergola, canopies, seating spaces and paved pathways is indeed a relaxing chill out zone.
